

**Controlled Remote Viewing Certificate Course**

**with Stella Webster and Julie Tasker**

**Mansfield, Nottinghamshire Thursday 5<sup>th</sup> March – Monday 9<sup>th</sup> March 2020**

The training offered by Stella and Julie covers the six stages of Controlled Remote Viewing (CRV) in 5 days, and is based on the protocols developed by Ingo Swann and documented by Paul H Smith.

Typically the first day includes an overview of the six stages, followed by the introduction and practice of Stage 1. Each subsequent day begins with recap and then the next stage is introduced and practiced.

Stage 6 practice includes students producing a 3-dimensional model of their target site. Please note this does not need artistic ability as it is simply a means of accessing information from the target site in a kinaesthetic way.

Consideration of each individual's needs is paramount. The training, which is an interactive process, is in small groups with presentations, handouts, examples, demonstrations, exercises and hands-on practice and one-to-one coaching.

In addition, we plan to give you at least a brief, supported experience, as a monitor.

Venue: 7, The Hayloft, Berry Hill Hall, Berry Hill Lane, Mansfield, NG18 4FT  
March 5<sup>th</sup> – 9<sup>th</sup> (inclusive) 2020. 10am until approximately 5pm each day.

The fee of £650 includes refreshments, and all your training materials.

Bring your own lunch, alternatively, there are choices nearby.

Applications to;

Stella Webster, 9 Hill Street, Inverness IV2 3AT [info@remoteviewinguk.com](mailto:info@remoteviewinguk.com)

.....
